1114 mm

1603-140927
1750 mm

The new Truck Vision Slim Line Series has been made with the requirements of modern warning panels in mind.

The depth of the panels is only 122 mm and slim design helps prevent the extra weight.

With the 4 m long cable and open cable ends the cable is easy to lead inside the vehicle.

Of the eight different lengths, everyone will find a suitable panel for their needs.
