

[REPLACEMENT OF TURBO WITH REF: 5303-970-0139 y 132](#)

TECHNICAL DATA SHEET 2009026

You may observe some differences between the intake pipes in the air pressure outlet zone.

The turbo has been technically modified so that the former reference 5303-970-0132 has now been replaced by the current reference 5303-970-0139.

Both turbos are compatible, however you are now fitting the latest reference on your vehicle. You need to mount the silencer with original reference 03L131111E.

FOR ANY DOUBTS OR QUERIES YOU MAY HAVE, PLEASE CONTACT OUR TECHNICAL DEPARTMENT.
